

# WiFiRANGER

## Quick Start

### Setting up router

- 1 Power WiFiRanger or first follow any installation guides
- 2 Wait a couple minutes
- 3 Wirelessly connect a device to WiFiRanger's *SSID* using *WPA2 Key*
- 4 Open device's web browser and go to Control Panel

*mywifiranger.com* or direct address shown below

Control Panel QR

WiFiRanger ID 772250

Transposing numbers makes *10.122.50.1:8080* for example
