Installation Instructions:

FOR USE WITHOUT BEZEL:

- Step 1: Remove lens by turning counterclockwise
- Step 2: Cut 2" hole in mounting surface
- Step 3: Attach wires to power source - if the wires on the light are red/black the red is positive and black is neutral. If the wires are white/black then white is neutral and black is positive. Step 4: Push light into mounting surface with included screws
- Step 5: Reinstall lens by turning clockwise

**LEDs are polarity sensitive and will not light if not attached properly.
