414B Airport Boulevard
Morrisville, NC 27560
(919) 462-8280***

www.progressiveindustries.net

Proudly manufactured in the U.S.A.

WARNINGS

Never plug your ADT-230 into power before testing both receptacles with a circuit tester.

The ADT-230 will not operate on a GFCI circuit and requires two separate circuits.

Do not exceed the rating of the ADT-230 for any reason.

Do not modify the ADT-230 in any way. This will void the warranty and could result in possible shock and/or fire hazard.

It is important to always check the pedestal power outlet for charring. This condition means that the AC receptacle is providing a weak connection. **DO NOT USE!**

When running extension cords from the RV to AC power, always use appropriate-sized cable. Make sure that the cable is rated for outdoor use to reduce the risk of electrical shock. Small gauge cable will have a higher resistance resulting in voltage loss, plus it may result in an electrical fire.

ADT-230

The ADT-230 can be used on two 30 amp receptacles OR you can add another adapter and plug into two 20 amp receptacles.

Progressive Industries Warranty

Progressive Industries warrants its products are free from defects in materials and workmanship for a period of one (1) year. This is in lieu of all other warranties, obligations or liabilities expressed by the company. In the event that a properly installed ADT-230 proves defective under normal use, Progressive Industries will repair or replace the ADT-230 at its discretion.

For Technical Support, please call (919) 462-8280. In order for the on-call Technician to troubleshoot the problem(s) you are experiencing and render the best possible solution, it is necessary that you be at your RV when you place your call.

The address below is strictly a mailing address. Please do not attempt to visit our facility during business hours as the company is not staffed, nor equipped to handle on-site repair work. All returns must be routed through Technical Support.

**Progressive Industries, Inc.
414-B Airport Boulevard
Morrisville, North Carolina 27560**

The unit being returned must be properly packaged with the postage paid and include the following information:

- 1) Date of purchase.
- 2) A detailed explanation of the problem/defect.
- 3) Your name
- 4) Return address and phone number

Progressive Industries cannot assume responsibility for acts of God, alterations, shipping/handling, or any factors not under the control of Progressive Industries.

Progressive Industries has no responsibility for installation, personal injury, property damage, incidental, contingent, or consequential damages or allow disclaimers, modifications or limitations on how long a warranty lasts; therefore, the above warranties may not apply to you. This warranty gives you certain legal rights, and you may have other rights, which may vary from state to state.
